D. MPO Report/Announcements

1. Emmily mentioned that she applied for and got appointed to the CHS Planning Commission. She added that the City is in the process of updating its comprehensive plan, and she is also serving in its advisory committee.

2. Emmily gave an update of the Hot Springs Area Wayfinding Signage Project (061577 FLAP). She mentioned that the consultants, MERJE, were here in January for the kick-off meeting. They returned in March with three schematic design options, and they combined the preferred elements from these options into the fourth option which was presented at the July 24th meetings at the Transit Depot. Bill Burrough added that the CHS has appointed a parking advisory committee, which is slated to present some options to the Board in October regarding a new parking management system.

3. Emmily mentioned that a new website for the Southwest Trail (061562) project had been unveiled where anyone can go to receive updates on the project https://swtrail.transportationplanroom.com/documents-and-graphics

4. Emmily mentioned that ARDOT provided the MPO with the NHS 2018 Pavement Condition Data, which show that most of the pavement in the MPA is in fair condition, with some sections rated to be in good condition such as the recently completed U.S. 70/East Grand Ave (CA0610) project. She added that this data is also important because it relates to Pavement and Bridge Condition Performance Targets (PM 2).

5. Emmily mentioned that the recently revised FFY 2020 - 2023 TIP/STIP Schedule has since been rescinded by ARDOT. They plan to provide a new schedule at a later date.

6. Emmily mentioned that the previous 2019 Calendar had been changed due to the revised TIP/STIP schedule; with the new TAC and Policy Board meeting dates slated for September 24 and October 10, 2019, respectively.

7. Emmily mentioned that ARDOT had adopted the CY 2020 Safety Targets, which it plans to submit to FHWA by August 31, 2019. She asked that anyone with comments regarding these targets should notify her because she plans to present these targets to the Policy Board for adoption in October. She added that the MPO has to set safety targets or support the State’s targets by February 27th of every year.

8. Emmily presented the Connecting Arkansas Program (CAP)-2 Potential Projects, which include the MLK interchanges projects (061555).

9. Emmily presented the draft MTP project prioritization criteria for consideration. She also mentioned that there will be a working group meeting at 10:00 am on August 6, 2019 at the MPO offices to complete reviewing the list of projects for the 2045 MTP Draft.

E. ARDOT Report/Announcements

1. Upcoming Projects

2. Josh Walker and Mark Headley gave an update of ongoing or substantially complete construction projects.

F. David Whitlow inquired whether we could determine who the elected officials are because of the quorum requirements. Notably, the HSV is a gated (private) community. Emmily mentioned that Federal and State policies do not dictate MPO Policy Board composition, except that Federal regulations require MPO Policy Boards to be at least comprised of local elected officials, state officials and representatives of public
transportation. However, Ray Owen asked Sunny Farmahan to find out the State’s opinion regarding this inquiry. Sunny Farmahan said he will find out the definition of elected official.

G. Cheryl Battis mentioned that work outside the John Lee Webb house has been completed. She thanked everyone for the support that they’ve provided in regard to this project. Emmily mentioned that she was successful at recruiting Cheryl Battis to represent the African America community in the metropolitan transportation planning process, as a good faith effort to comply with federal requirements of Title VI of the Civil Rights Act.

H. The meeting was adjourned at approximately 11:18 am.

Approve:

Policy Board Chairman
Ray Owen
